

The big performer for the small office

Four-in-one, professional multifunction product (MFP) for mono printing/copying, color/mono scanning and direct faxing

The B2520 MFP from OKI Printing Solutions combines mono printing and copying, color/mono scanning, and faxing. This compact MFP lets you access advances in document management and multifunctionality normally reserved for more costly equipment.

Quality doesn't have to be expensive

The affordable B2520 MFP delivers clear, sharp output. Produce professional-looking documents with ease, whether printing, copying, faxing or scanning hard-copy documents.

Document management made easy

Among the utilities that come standard with the B2520 MFP is PaperPort® by Nuance®. This industry-leading, award-winning software will enable you to easily scan and organize your files, further enhancing your productivity.

With its user-friendly, thumbnail-based interface, PaperPort lets you take any scanned document, save it in a black & white or color PDF format, and quickly make it available for archiving or sharing.

Scan to and print from a USB Flash drive

Have a document you need to scan quickly and transport as a digital file? Simply insert a USB Flash drive into the USB port conveniently located on the front of the B2520 MFP and place your document in the automatic document feeder. Scan it in black & white or color, save it to the Flash drive, and you're on your way in seconds.

The B2520 MFP also lets you print select file formats directly from the USB drive without the need for a PC.

Go wireless with a special printing option

It's a key to your increased productivity: an optional dongle enables you to wirelessly print to your MFP from anywhere in the office. Just plug it in to the B2520 MFP and get busy printing.

The sleek, stylish B2520 MFP does all you want and more. In addition, its clever design ensures that changing the one-piece, cost-efficient cartridge is quick, clean and easy. Your investment just keeps looking better and better.
